

3 January 2017

Dear Sir or Madam,

### **Project: New Signalised Pedestrian Crossing**

Unfortunately the previous notice of works with regards to the new pedestrian crossing scheme in Tarring Road, Worthing has, due to unforeseen circumstances, had to be delayed. The works will no longer begin on 18 January as initially noticed but will now begin 14 February 2017. The works themselves will remain as advertised below.

#### **What we're doing**

This project will include;

- Installation of new signal controlled Puffin style pedestrian crossing and equipment and crossing associated road markings.
- Inclusion of pedestrian beepers and rotating tactile devices to aid those with visual impairments to cross safely.
- Installation of new dropped kerbing and blistered paving. The crossing will be 2.4m wide and include three poles with signal heads.
- Carriageway resurfacing to approximately 50 metres on the west side of the crossing and 25m on the east side of the crossing.
- Temporary two-way traffic lights will be used throughout the duration of the scheme to allow work to be carried out safely.

#### **When this will take place**

The work will start on 14 February 2017 and is expected to take 4 weeks to complete. Our hours of work will generally be between 7am and 5pm.

Before the works start, we will erect advance warning signs in the local area, letting you know any changes to the start date and marking the extent of the works.

CONT.

## Road Restrictions during the work

In order to protect our workforce and the public, two way temporary lights will be in operation in Tarring Road for the duration of the works.
