

January 2019

Dear Sir/Madam

Structural Patching Works

What we're doing

Carriageway patching works will soon start along **Lower Bognor Road, Paghham**. The works will involve repairing the road surface with new materials, as the road surface has deteriorated significantly.

Please follow the clearly marked diversion route, (yellow signs with black direction arrows).

For further updates or amends to our programme, please visit our web page:
www.westsussex.gov.uk/travelinfo

How will this affect you?

The road works are expected to take place on **Tuesday 5th February 2019** to **Thursday 7th February 2019**, between **09:30am** to **16:00pm**

Access for residents will be limited during working hours. Pedestrian access should not be affected providing there are footpaths to use; if not the onsite team will assist with the safety of pedestrian access.

Traffic management will be in operation; this will consist of a **road closure**. Access will be provided to residents within closed areas, although there may be a slight delay in getting through.

Please note that this type of work is subject to changes due to weather conditions, equipment breakdown or emergency work taking priority.

Further information

Thank you for your cooperation and patience whilst these works are carried out. For further information, please visit our website at the top of this letter or liaise with the onsite team, as they might be able to answer your query quickly.

For any concerns you might have, you can email us online at www.westsussex.gov.uk/roadpavementenquiry or call on 01243 642105 (phone lines are open weekdays between 8am – 6pm).
